

Plastic Pipe, Con-Stab Fittings

Note: Plastic pipe is sold in CTS (copper tube size) and IPS (iron pipe size). We stock 1/2" CTS and IPS in all other sizes

Plastic Pipe

Part Number	Description
PP08	1/2" CTS Tubing, 500' Roll - SDR 7
PP12	3/4" IPS Tubing, 500' Roll - SDR 11
PP16X500	1" IPS Tubing, 500' Roll - SDR 11
PP20X500	1 1/4" IPS Tubing, 500' Roll - SDR 10
PP32X250	2" IPS Tubing, 250' Roll - SDR 11
PP32X500	2" IPS Tubing, 500' Roll - SDR 11

The internal seal enables each fitting to seal on scratched pipe. A seal is maintained on the smooth inside surface of the polyethylene pipe, regardless of the exterior surface of the piping. This improved seal protection creates the ultimate design for mechanical joints.

Each Con-Stab fitting provides the following unique features:

- Two internal seals
- Fixed stiffener
- Self-locking gripper
- Moisture lip
- Uni-body construction

The Con-Stab I.D. Seal® fittings provide the user with the following advantages:

- Cost effective joining method
- Simple assembly
- No additional assembly equipment required for installation (just chamfer pipe and push)...chamfer tool included with each fitting.
- Expanded product line with various configurations and material options (PE 2406 or PE 3408)
- Uni-body design eliminating all external parts
- Meets or exceeds all D.O.T. and ASTM requirements

Con-Stab Transition Fitting
